A-1 CONCRETE LEVELING

We Pump It Up!

Is the concrete on your driveway, sidewalk or patio uneven? Is your porch or swimming pool deck unlevel? If you answered yes to any of these questions then you should call **A-1 Concrete Leveling**.

This local firm can make your concrete and foundation level again. First, holes are drilled in the sunken concrete. Next, their pumping compound is pumped into each hole. The compound works hydraulically, raising the concrete to its original position. Once the desired result is obtained, the holes are sealed using a durable cement mixture. It's as easy as 1-2-3. This process is 50 to 70% cheaper than tearing out and repouring concrete. There is no excavation; no jack hammering to tear out and replace; set up time is minimal and the concrete is ready to use the same day.

If you are a homeowner who has become concerned with the appearance of your concrete then call **A-1 Concrete Leveling** serving the Northern Kentucky and Greater Cincinnati areas, phone **513-850-1520**. Call today for more information or free estimates. No job is too large or too small. All work is guaranteed and they are fully insured for your protection.

REASONS TO SUPPORT YOUR LOCAL BUSINESSES

Local businesses are an essential element of, and major contributor to the strength of local economies. First of all, we are not only talking about locally owned businesses, we are talking about local businesses, a business that is operated out of, or serves a particular community. They employ our friends and neighbors, use the goods and services of other local businesses, serve as community hubs and are vital components of healthy neighborhoods. When consumers patronize local businesses, they are essentially giving money back to their local community. A thriving local business will generate high levels of revenue, which means that the business will pay higher taxes, including local taxes. This money is then used for local police and fire departments as well as some schools. In this ever changing world, communities that preserve their one-of-a-kind businesses and distinctive character provide the building blocks to future growth, safety and beauty of the community in which you live!
